Long-Term Management & Stewardship: Roles & Requirements for a Conservation Bank After It Closes

Presented live on **December 8, 2020**, this webinar provides a nuts and bolts review of how the type and number of credits are determined for a conservation bank and how the extent of the service area is determined. For each topic, case studies ranging from the straight-forward to the complicated are shared, along with lessons-learned and emerging trends from the field. Striking the balance between ecological and economic needs is discussed from diverse perspectives.

It is recommended that participants view [Webinar 1: The Market & Regulatory Drivers for Conservation Banking](#) prior to viewing this webinar.
